**Re: In the Matter of Review of Section 251 Unbundling Obligations of Incumbent  
Local Exchange Carriers and Implementation of the Local Competition  
Provisions in the Telecommunications Act of 1996, CC Docket Nos. 01-338;  
96-98; 98-147**

Dear Ms. Dortch:

On December 12, 2002, David Bogaty of WorldNet Telecommunications, Inc. ("WorldNet") and the undersigned met with Jordan Goldstein, Legal Advisor to Commissioner Copps, regarding the above-captioned docket. In the meeting, we discussed the Commission's examination of its UNE policies in light of the D.C. Circuit's *USTA* decision, and how the "impairment" analysis factors into the Commission's decision making. Additionally, we discussed the importance of UNE-P to WorldNet's ability to provide competitive telecommunications services in Puerto Rico, and to WorldNet's current migration to become a facilities-based carrier. WorldNet also emphasized that competition is nearly non-existent in Puerto Rico, and because of the unique characteristics of the island of Puerto Rico, the Commission should consider retaining UNE-P in Puerto Rico as a means of promoting facilities-based competition.

One electronic copy of this notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Respectfully submitted,
